All-in-one credit card payment solution

iPad POS KIOSK

- Built and designed for swift in-facility credit card payments
- Users can select items (i.e., After-School Care) and checkout in less than 30 seconds

ONLINE STORE

- Administrators can upload items to Online Store and iPad POS Kiosk
- Link multiple bank accounts per BridgePay Account
- Create recurring payment and subscription plans

FINANCIAL DASHBOARD & REPORTING

- Financial transactions are tracked electronically to ensure each payment is auditable
- Each transaction can be downloaded into a report filtered by category, sub category & more

EDUCATION

- Backed and supported by BridgePay, simplify the reconciliation of credit card payments to your bank statements
- BridgePay will help reconcile payments with bank statements free of charge for the first month

eRECEIPTS & DOCUMENTATION

- Users and Administration will receive an eReceipt when payment is made
- An e-document with best practices ensures transactions meet accounting standards

DAILY BACKUP & STORAGE

- Transactions are backed up securely and electronically daily
- Payment transactions never deleted and kept archived for immediate reporting needs

Convenient and flexible payment solution for student fees

Implementing BridgePay is the most successful way to ensure all student fees are paid. With a simple to use Administrative portal, treasurers can easily create and add fees to student profiles.

VIEW AND PAY STUDENT FEES ONLINE

- Parents can view and pay student fees online
- BridgePay offers parents the financial flexibility to choose what item a fee is applied to as well as make partial payments

MANAGE STUDENT PROFILE

- Treasurers have the ability to add fees to a student's profile
- Manual adjustments can be made to fees for items that are paid by cash, check, waived or written off

FINANCIAL & ACCOUNTING

- With the flexibility of adding multiple bank accounts, BridgePay allows you to determine where account fees are assigned ensuring that your month-end reconciliation and annual audits are a success
- Live reports detail all paid and outstanding student fees
- Teachers have the convenience of searching for fees pertaining only to their class
- Enjoy the ability to export all reports to Excel for added analysis

SIMPLE TO START

- 3 simple-to-produce files allows BridgePay to quickly get you started collecting fees online
